**TERZANI**  
LA LUCE PENSATA

**Name**  
Abacus  
large pendant light

**Materials**  
brass | white glass

## Finishes | Code

white canopy | brass  
0V01S E8 B P 1F

brass canopy | brass  
0V01S M3 B P 1F

## Body | 15 spheres

**Light source**  
220-240V ~ 50/60Hz

 Built in Replaceable LED Module  
10,8W  
1620 lm 3000K

## dimmmable options

0/1-10V  
PWM  
10-100kΩ  
PUSH  
DALI

## Canopy

Used for centuries as the tool to both teach and communicate mathematics, the abacus was found in one form or another across the ancient world. At Terzani, we saw the beauty in the abacus' mathematical purity and clean, functional design. In the hands of Terzani's craftsmen, we've turned this inspiration into a new collection of modular pendant lamps whose flexibility allows for complex and beautiful configurations. Each module, or strand, of Abacus contains a custom set of round, hand-blown white glass which emit a soft and uniform light. And, as the original abacus was used to calculate everything from simple addition to complex formulas, we've retained the same scalability. Due to its customization, our Abacus light is just as suitable in a home as a commercial space, and its almost infinite configurations makes sure you always come up with the right solution. Made in Italy.
