Name
Abacus
3 large round multi light pendant

Materials
brass | white glass
CE   EHC   CB

Finishes | Code

white canopy | brass
0V03SE8BP2B

satin brass canopy | brass
0V03SM3BP2B

Body | 3×15 spheres

overall adjustable height on site

min 150 cm

190 cm

130 cm

Ø20 cm

Light source

220-240V ~ 50/60Hz

Built in replaceable led module
3 × 10,8W 4860 lm 3000K

dimmable options

0/1-10V
PWM
100kΩ
PUSH
DALI
0-10V

Canopy

21 cm

18 cm

4 cm

Used for centuries as a tool to both teach and communicate mathematics, the abacus was found in one form or another across the ancient world. At Terzani, we saw the beauty in the abacus' mathematical purity and clean, functional design. In the hands of Terzani's craftsmen, we've turned this inspiration into a new collection of modular pendant lamps whose flexibility allows for complex and beautiful configurations. Each module, or strand, of Abacus is made of a custom set of round, hand-blown opal glass that emits a soft and uniform light. And, as the original abacus was used to calculate everything from simple addition to complex formulas, we've retained the same scalability. Due to its customization, our Abacus light is just as suitable in a home as in a commercial space, and its almost infinite configurations ensure you always find the right solution.
