TERZANI
LA LUCE PENSATA

Name

Abacus
7 large round multi light pendant

Materials

brass | white glass

Finishes | Code

white canopy | brass
0V07S E8 B P 43

brass canopy | brass
0V07S M3 B P 43

Body | 7x15 spheres

Light source

220-240V ~ 50/60Hz

 Built in Replaceable LED Module
7 x 10,8W
11340 lm 3000K

dimnable options

 0/1-10V
PWM
10-100kΩ
PUSH
DALI

Canopy

Used for centuries as the tool to both teach and communicate mathematics, the abacus was found in one form or another across the ancient world. At Terzani, we saw the beauty in the abacus' mathematical purity and clean, functional design. In the hands of Terzani's craftsmen, we've turned this inspiration into a new collection of modular pendant lamps whose flexibility allows for complex and beautiful configurations. Each module, or strand, of Abacus contains a custom set of round, hand-blown white glass which emit a soft and uniform light. And, as the original abacus was used to calculate everything from simple addition to complex formulas, we've retained the same scalability. Due to its customization, our Abacus light is just as suitable in a home as a commercial space, and its almost infinite configurations makes sure you always come up with the right solution. Made in Italy.
