In Greek mythology, Gaia is the personification of the Earth and the mother of all life. Looking to capture the mythical and natural beauty of this Earth goddess, designer Jean-François Crochet has created the Gaia pendant light. Consisting of geometric frames reminiscent of the mountains Gaia created, the pendant uses led light to push light through the “cracks” formed. The resulting light creates a magical feeling, as if the lights peeking through were alive themselves. Also available in gold, nickel, and wood finish and in custom configurations, Gaia adds a vibrancy and sacred light to any space. Design Jean-François Crochet.
