**Name**  
Abacus  
3 small round multi light pendant

**Materials**  
brass | white glass

**Finishes | Code**

-  white canopy | brass  
0V03S E8 B P 1F
-  satin brass canopy | brass  
0V03S M3 B P 1F

**Body | 3x5 spheres**

**Light source**  
120V ~ 50/60Hz

 Built in Replaceable LED Module  
3 x 3.6W  
1620 lm 3000K

**dimnable options**

-  0-10V  
PWM

**Canopy**

Used for centuries as the tool to both teach and communicate mathematics, the abacus was found in one form or another across the ancient world. At Terzani, we saw the beauty in the abacus' mathematical purity and clean, functional design. In the hands of Terzani's craftsmen, we've turned this inspiration into a new collection of modular pendant lamps whose flexibility allows for complex and beautiful configurations. Each module, or strand, of Abacus contains a custom set of round, hand-blown white glass which emit a soft and uniform light. And, as the original abacus was used to calculate everything from simple addition to complex formulas, we've retained the same scalability. Due to its customization, our Abacus light is just as suitable in a home as a commercial space, and its almost infinite configurations makes sure you always come up with the right solution.
