We no longer march in a straight line. Our lives are dynamic, intertwining collections of relationships, experiences, and journeys. Reflecting the fluidity of our generation, designer Simone Micheli has created a new, contemporary light for Terzani, Doodle. Like us, each Doodle is unique; each pendant is handcrafted by artisans to resemble a randomized path. And, to give us control over the journey we want to take, each led bulb can be placed anywhere on the light, not only reflecting the choices we make in life, but giving Doodle special flexibility. Available in nickel, black nickel, gold, and copper plated finishes. Design Simone Micheli.
