

# Manta, Shimmering *Waves.*

Manta is the latest design featuring the distinctive crystal first unveiled in Nicolas Terzani's best-selling Mizu. Collaborating with designer Dodo Arslan, the two imaginative minds created a light featuring sinuous, undulating lines. The results are soft waves of crystal light reminiscent of being underwater. The innovative Manta is made of crystal, with a dimmable integrated LED lamp focused on maximizing the crystal's reflection. Manta's organic form is available in two sizes and can be installed in numerous, customizable arrangements. Design Dodo Arslan & Nicolas Terzani.
